

DALTON[®] MODULAR CARPET

Dalton[®] is a leading manufacturer of high quality, durable business carpets and carpet tiles for commercial applications such as offices, banks, retail units, public buildings, schools, universities and health care centers. Rhino's Dalton[®] modular carpet tiles are designed to stay on the raised access floors with no up-curl, tapping or ripping. Our square tiles are easier to handle, install and maintain.

About **Rhino**

Access Floor Solutions

Rhino was founded in Bangkok, Thailand in 1997 and designs and builds premium raised access flooring products. Rhino products are used in commercial office building projects, computer rooms, server rooms, data centers, libraries, higher educational institutions, and casinos where there is a requirement for under-floor air conditioning, electrical wiring, and data cabling. We believe that cooperating with customers, suppliers, and leading players in the industry to face challenges together through a win-win strategy is necessary in today's business world. We strive to build more stable partnerships with our customers and suppliers and reinforce strategic cooperation with international and domestic mainstream suppliers.
